Director/ Founder
Mrs. Kiran Joshi

It is our belief that the quality and nature of a child's early experiences in life lays the foundation and brain architecture for all the learning and behaviour which follows. At BDJMS, we admire our role to deliver cheerful, comprehensive, child-centric and appropriate learning experiences at this demanding stage of a child's life.

Our approach is based upon three pillars: Quality Education, Quality Teachers and Partnership with Parents and the Community.

Be believe in our Values. Our values are **M (Mutual Respect), O (One percent Better), R (Resilient), A (Achieving), L (leadership)**. With this concept in mind we have started our play group naming Sanskar.

Sanskar = sam (samyak) + kar.

'Sam' means good and 'kar' means work or action. Our aim is to build students with good moral and strong characters. We always try to follow the ideology of Vivekanand Ji.

As today when everyone is running behind luxury it's quite important to teach our values and culture to our new generation along with educational excellence.

"We want education by which Character is formed, strength of mind is increased, the intellect is expanded, and by which one can stand on one's own feet"

Principal Mrs. Hanshi Bahuguna

Welcome to BDJMS

I am really honoured and feel very privileged to function as the Principal of BDJMS . Let me take this opportunity to thank the Management BDJMS, for giving me the opportunity to serve the community. We, at BDJMS, **ensure high quality education which motivates and empowers our students to be lifelong learners and the productive members of the society.** At BDJMS, education is not just the amount of information that is put into a child's brain. Our education system is the one that cater the individual needs of our students We want all our students to achieve their full potential. Our task is to make it possible and our mission is to provide a platform for the same. Success for all students is ensured at our school by the delivery of an enriching, child centred, balanced and structured curriculum and a whole school focus on student welfare that focuses on the positive recognition of student achievements. Teachers at BDJMS are highly qualified and experienced educators who are committed to supporting each student's learning experience through quality instruction and guidance that addresses the needs of the individual child. Teachers work to provide students with differentiated support that address each student's specific needs both academically and socially. I, personally believe that an education system that develops the imagination of the child is richer than the one that does not. The imagination is where new ideas are created and progress becomes possible. **"Imagination is more important than knowledge"** because knowledge is about what we already know, whereas imagination is what moves individuals and cultures forward. Imagination leads to innovation. BDJMS will surely give much importance to imaginative and play way methods, especially in Kindergarten. BDJMS do give high priority for our Student's safety. School also initiates the activities that actively promote safe and healthy lifestyle and contribute effectively to sustainability and conservation of our environment. We firmly believe that the parents are their child's first and most important teacher. Parents play a vital role in the education of their children. We happily welcome all our parents to take an active role in the education of their children and to be the active participants in our school life. Get to know the staff, especially the child's teachers and assist where you can so we can work together in the interests of everyone. I am eager to work with our parent community in supporting their children in their education. We always strive to build strong parent teacher relationship which is very important for the academic success of our students. I would like the parents to know that my door is always open to discuss any concerns, questions, or ideas you may have regarding your child's education. I welcome you all to an outstanding learning community where everyone is dedicated to a high standard of excellence. We truly have a fantastic school with a supportive and involved parent community, dedicated and highly skillful staff, excellent resources and buildings and the most fantastic students to work with. My commitment to our community is to lead the school with enthusiasm and passion to enable us to reach our goals. Let us work together to make BDJMS as the best school, it can be. We look forward to welcoming you to be part of our vibrant learning community.

"Let noble thoughts come to us from every side".
